KRISHI VIGYANA KENDRA

Saidapur Farm, Dharwad

Issue – 13, July-September, 2011 Ph : 0836-2444272 e-mail : pc_kvkd@rediffmail.com website : www.kvkdharwad.org

The XI Scientific advisory committee meeting was held on 27.7.2011. Hon'ble Vice Chancellor Dr.R.R.Hanchinal chaired the session and Dr.Prabhukumar, Zonal Project Director(Zone -8), Dr.Narulla , Zonal Project Director (Zone-I) and other members were present for the meeting .Programme Co-ordinator presented the detailed work done and action plan.

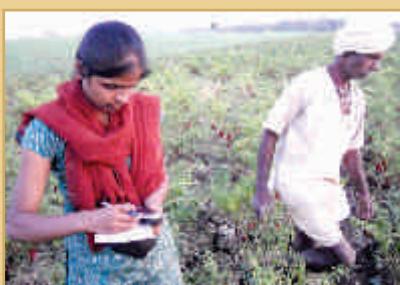

The Shrestha Krishika of Dharwad district for the year 2010-11 Dr.Pandurangi Gandamale of village Gamanagatti Taluk Hubli and Shrestha Krishi Mahile Smt. Gangamma Hubballi of Village Dummawad Tq: Kalaghatagi were selected and honored by the University during Krishimela.

The Mega Krishimela -2011 of UAS, Dharwad was organized from 9-12th October, 2011. The scientists of KVK were members in different committees and also organized exhibition depicting various latest technologies through charts , models and live samples. The women of self help groups were given platform of selling the value added products prepared by them.

The horizontal expansion of the project “Empowerment of SC/ST farm families in Northern Karnataka through Integrated Farming System demonstrations” is implemented in Kanavihonnappa, Yarikoppa, Mangalagatti, Kurubagatti, Nayakanahoolikatti, Jodalli, G.Basavanakoppa and Jammihal villages during 2011-12. 16 Schedule caste and 48 schedule tribe families are identified and different agricultural inputs like seeds, pesticides and drudgery reducing equipments are distributed to these families.

The precision farming demonstrations are implemented in about 100 acres in Kundagol, Devanur, Kamadolli and Hireharkuni villages of Kundagol Taluk under RKVY in chilli crop.

Bhoochetana Project

The beneficiaries of Bhoochetana project are trained on Seed treatment, Quality seeds, importance of Micronutrients and Insect & Pest Management by conducting Off campus training programmes in selected villages. The project is being implemented in collaboration with Dept. of agriculture and ICRISAT, Hyderabad. The text and voice messages are sent to the mobile of the farmers, the message pertaining to the problems faced by the farmers. The messages are sent to cater to the needs of different commodity groups.

Front Line Demonstrations: 2011-12

Tomato : DMT-2

Groundnut: ICM

Onion: Arka Kalyan

Greengram: ICM

Maize : 900 M

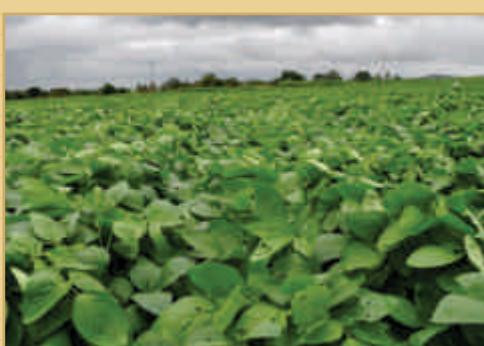

Chilli: Byadagi Kaddi

Groundnut Decorticator : B.Gudihal

Envirofit chulha : Devanur

Soyabean : JS-335

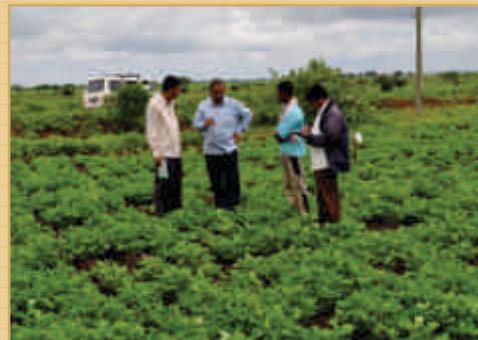

Aster

On Farm Testing : 2011-12

Evaluation of Broader row spacing in brinjal

Assessment of micronutrients in groundnut

Micronutrient management in soyabean

Thrips management in Onion

Amla Campaign

Navalur

Tegur

Bidnal

Garag

Krishimela

Farmers field school is organized at Village Sherewad of Hubli Taluk and 25 farmers are selected as beneficiaries. Regular trainings and demonstrations are conducted on chilli crop.

Farmers' visit to the Azolla demonstration at Krishi Vigyan Kendra

Regular production of Mango, Sapota, Jamun , Tamarind, Amla and drumstick seedlings in low cost shade house at KVK

Trainings for Next Trimester

October - 2011

- Integrated farming system
- Water management in agriculture
- INSIMP –Sorghum
- Horticulture training to facilitators of Swarnabhoomi Yojane
- Energy rich snacks for children
- Nutrient management in Rabi crops
- IPM in cotton
- Amla Campaign

November – 2011

- IPM in Bengalgram
- Disease management in Rabi crops
- INSIMP – Little millet
- Nutrient management in rabi crops
- Preparation of Phynyle
- Amla Campaign
- Mango campaign
- Soil and water conservation technology
- Use of groundnut decorticator

December– 2011

- Precision farming
- Amla campaign
- Registration & programmes of DIC
- Nutrient management in summer groundnut
- Envirofit chulha
- Mango campaign

METHOD DEMONSTRATIONS

Method Demonstration on use of modified groundnut stripper (KVK Dharwad model) taken up in Mangalagatti village , Dharwad Taluk

Method demonstration on the use of groundnut decorticator model-IV UAS, Bangalore taken up in Garag village

Demonstration Units for Vocational Training programmes at Krihi Vigyana Kendra, Saidapur Farm, Dharwad & UAS, Dharwad

- Seed production in Flower crops
- Seed production on Field crops
- Budding and grafting in rose
- Nutrition garden
- Dairy Unit /Sheep and Goat rearing Unit
- Vermicomposting Unit
- Guava air layering through mother plant
- Scion bank of different fruit plants
- Protected Cultivation
- Amla and custard apple farm
- Processed food products
- Fancy bag & Jardosi, Kasuti as an IGA
- Soap powder, Liquid soap, Vessel cleaning powder & Phynyle making.
